RENEX -2025 AN EXCLUSIVE B2B & B2C PLATFORM FOR THE EXHIBITORS:

RENEX - 2025 aimed to extend a platform for your organization to come in front of the decision makers that source billions of dollars in commercial Renewable energy products for their plans and multiple projects. Exhibiting at these exhibition generated an opportunity for the exhibitors to engage in discussions one-on-one, demonstrate and introduce their products & solutions in an interactive manner. Engagement of international exhibitors from potential Export Zones of Bangladesh lead good opportunity for our energy players to reach beyond domestic peripheral. Moreover, this Exhibition built attendance through 360° marketing campaigns that creates millions of advertising impressions in print, direct mail, email, electronic media and so on.

OBJECTIVE OF RENEX - 2025

- A specialized exhibition targeting Solar Photo Voltaic Power Generation for future urban & rural development of our country.
- Participation of international renewable energy industry and consultants in the exhibition that may help our local companies to explore with export opportunities. E.g. Solar industry players and importers from Southeast Asia and other highly prospective countries.
- A distinctive platform for international organizations to exhibit their renewable energy related product and solutions in Bangladesh market.
- Extensive integrated brand communication for renewable energy show to the market.
- Opportunity to gather knowledge about new technology and innovation in the renewable energy industry that may help exhibitors to stand for tomorrow.
- Innovative installations in the venue. e.g. Giant LED Display to play television commercials and informative audiovisuals of the sponsors and participants.

STRONG INDUSTRY PARTICIPATION

RENEX - 2025 has opened its doors to Bangladesh's rapidly growing renewable energy market and is set to become the country's most prominent exhibition dedicated to renewable energy, green power solutions, sustainable technologies, and clean infrastructure innovations. The event serves as an ideal platform for meaningful business exchanges, partnerships, and the introduction of cutting-edge solutions across solar, wind, energy storage, and other green energy sectors.

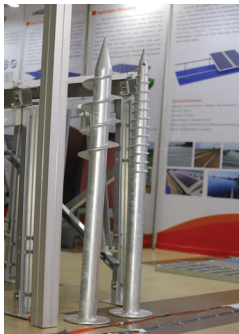

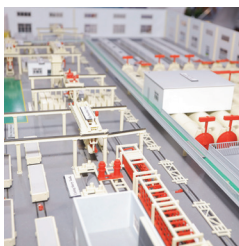

This year's edition has attracted participation from several renowned companies who have showcased their latest innovations, setting new benchmarks in the renewable and sustainable energy landscape of Bangladesh.

Few Top Exhibitors & Visitors Feedback:

“

I am pleased to know that Savor International Limited is going to organize three-day long international exhibition entitled the "10th RENEX 2025". I extend my sincere greetings and thanks to the organizer of the event.

Mr. Mahbubur Rahman
Honorable Secretary, Ministry of Commerce,
Government of the People's Republic of Bangladesh

“

I strongly believe that the exhibition will create the B2B interaction, both for local and international renowned counterpart that will help our RENEX industry to grow more and to compete globally. The exhibition will provide a platform for exchanging scientific ideas on latest developments and technologies.

Taqfiq Omar Hasan
Managing Director
GroupNautika

“

"I believe this sort of exhibition will create enormous opportunities for Bangladeshi engineers, architects, planners and simultaneously for the entrepreneurs."

Frof Dr.M. Shamim Z. Bosunia
President, Bangladesh Association of

“

"This is the best expo in Bangladesh. And this is my second time to come here to attend in exhibition."

William Zhang
Sales Director
Shandong Weida Construction Machinery Co., Ltd.

“

"I am very happy to be here and all our congratulations to the organizer for this summit because it is very good opportunity for us to meet client and people who want to do business and invest in Bangladesh Market."

Michela Zovadelli
APAC Export Manager
CGM Gruppi Elettrogeni srl, Italy

Our Bangladesh is a thickly populated country. To meet our rapid industrialization, we are importing Raw Materials, Crude Oils, etc. We are exporting Finished goods. The waste materials will stay with us. We need safe and controlled discharge of these waste materials. We need to develop our national policy toward: Zero Energy Demand, Zero Discharge and Zero Pollution. Then we shall be able to keep a safe and sustainable Bangladesh to our next generation. I believe that the Show will make a good start to create the B2B interaction that will help our industry to grow more and to compete globally. The exhibition will provide a platform for exchanging ideas on the latest developments in technologies.

Engr. Md. Hasmotuzzaman
MEP Consultant & CEO, Utility Professionals
Ex-President, ASHRAE Bangladesh Chapter,
Technical Committee Member (P), ASHRAE Global

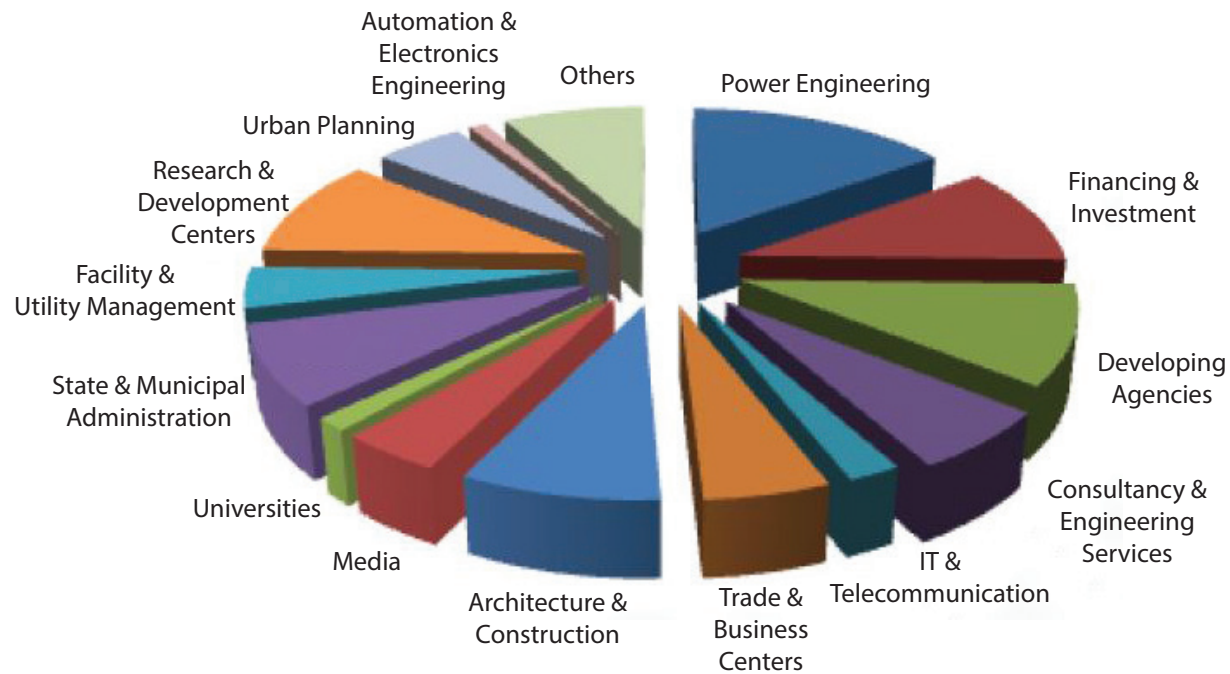

"The exhibition is very well organized and we are happy with the level of service has been provided by Savor. And we think it's an excellent opportunity to expose ourselves to the Bangladeshi Market."

Brian Yu
Head of Countries- Sri Lanka & Bangladesh
Trina Solar Co., Ltd.
